## The scoop of the day

The latest updates

“Twenty Twenty-Two” was a year of REVELATION and RELEASE for the members of the League of Indian Nations of North America National Government. We operate in accordance with laws and agreement between Canada and the United States of America outlined in the Bureau of Indian Affairs - Memorandum of Understanding-(MOU)

Our members have been under the impression that LINNA is Canada and Canada is LINNA.

The League of Indian Nations of North America National Government is a permanent entity here in the United States of America with Status, Standing, and Agency. We need no instructions or overhead from LINNA.ca to exist due to a permanent agreement with the Now Standing Grand Chief Akil Ali who was authorized to operate as a permanent governing body based on the MOU in the United States of America (LINNA USA).

The latest updates to get you through the day

Due to alleged deceptive acts and financial injuries, trust fraud, copyright and trademark infringement, members were released and/or resigned because they failed to resolve criminal accusations against them through deposition and defaulted by acquiescence.

Our members have been injured by LINNA.ca, and by his unauthorized adoption of these alleged criminals passing themselves off to be linnacanada.org. This is an unauthorized LINNA USA construct in the United States of America and considered a criminal act to continue to injure our members after we have made great strides to heal from the injuries caused by their treasonous acts.

As long as LINNA.ca are in possession of LINNA Trust property, securities, and trying to access the LINNA USA Trust without consent, all LINNA USA members are potentially injured parties who are welcome to take action toward LINNA.ca, for harassment, damages, personal injury and theft of securities for “profit and gain”. Members of the United States of

America never consented for their securities and personal information to be transported or be in possession of LINNA.ca for the personal profit and gain of anyone. We the people of the League of Indian Nations of North America National Government do not negotiate with terrorist, especially those that refer to LINNA USA members as “YOU PEOPLE” and we consider any emails sent from LINNA.ca and linnacanada.org to be terroristic threats and harassment because of the habitual criminal nature of their alleged fraudulent activities. All Law enforcement are encouraged to pursue all leads regarding their activities. Any continued use of the LINNA flag, by linnacanada.org activates trademark infringement.
